DIRECTIONS FOR USE:

Prior to mixing, shake concentrate well. Mix 3 tablespoons (40 mL) of concentrate with 1 gallon of water. Thoroughly spray leaves and stems until there is runoff. Spray outdoor plants early in the morning or evening to avoid the hottest part of the day. Do not apply in temperatures over 90°F. If a second application is necessary, wait at least 5 days prior to reapplication. When using as a repellent, reapply every 7-10 days. For additional safety, avoid use when pollinators are active.

PRECAUTIONS/FIRST AID:

Avoid getting product near extreme heat, sparks and open flames. Avoid

getting in eyes or on skin or clothing. Harmful if swallowed. Direct eye contact may cause irritation. Impervious gloves are recommended to prevent prolonged skin contact. If contact occurs, wash with large amounts of soap and water for 15-20 minutes. If in eyes, rinse repeatedly with clean water for 15 minutes. Obtain medical attention for any persistent irritation.

STORAGE:

Keep product at room temperature away from direct sunlight. Do not freeze.

DISPOSAL:

Dispose of waste material in accordance with federal, state and local

environmental laws and regulations. Recycle bottle when empty and do not reuse.

CONDITIONS OF SALE:
